July 2016 - News and Upcoming Events

Dear Eagle County Democrats and friends,

As we enjoy all that makes summer special in the high country, the 2016 campaign season machinery is picking up steam.

We're preparing to elect - and re-elect - representatives who will fight for all of us, not just the privileged few. We want to ensure our beautiful public lands aren't sold off, our health insurance is affordable, our schools are funded, immigration reform is implemented, and common-sense gun safety measures are passed.

We can win when we work together! Here's how:

We have a dedicated field organizer, Nick Phalen, here in Eagle County working for the top tier races, also known as the "coordinated campaign". He is recruiting volunteers to register voters. Email Nick for more info, just [click here](#).

1) Voter registration with Eagle County Dems: Help register new voters in area high schools in the fall. It's rewarding and fun to register enthusiastic young adults for the first time. Please contact Cookie Murphy/Petee, who is coordinating this project, by email, [click here](#).

2) Down ballot campaign help: The coordinated campaign in Colorado works exclusively for the races for President, Senate and U.S. Congress. But our local county and state candidates need help too. Why not plan to go door-to-door at least once with each of our candidates?!

4) Literature drop: Eagle Dems will be distributing a door hanger with our slate of candidates as ballots are mailed, in mid-October. We'll be asking for at least one two-hour shift of your time, to leave door hangers on targeted doors in your neighborhood.

5) Other help needed: Do you have computer skills? Are you good with social media? Wordpress? Constant Contact? Are you a good writer? Like data entry? Old fashioned envelope stuffing? Whatever your interests, we need your help!
